### Media Storage Cabinet • 679W

This cabinet is ideal for any music or video aficionado who wants more room to store their collections. It is designed with doors that rotate open 180-degrees on sturdy hinges. Inside, adjustable shelving allows the unit to store approximately either 505 CDs, 152 VHS tapes, 272 DVDs or combination of these different types of media. Crafted from Pine.

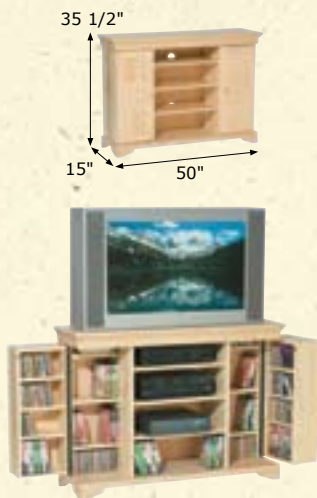

Size when open:  
48 1/4" W x 14 1/4" D x 44" H

### Widescreen Media Cabinet • 682W

This cabinet is the perfect solution to a growing music or video collection. Plenty of room to organize and store hundreds of CDs, DVDs, VHS tapes or any combination of these different types of media. Doors rotate open 180-degrees on sturdy hinges. Spacious shelving affords plenty of room for components, with convenient cut-outs for cords to slip neatly out of sight behind the unit. Top designed to hold widescreen media units. Crafted from Pine.

Size when open:  
70 3/4" W x 16 1/2" D x 35 1/2" H
