*furniture that will  
last a lifetime*

### Chateau Desk • 623W

An elegantly designed desk with a unique feature. The hinged drawer front locks in place to form an over-sized drawer, or unlocks and drops down to make a shelf large enough for a computer keyboard and mouse pad, or laptop. The plank top desk features a 54" wide by 27" deep work surface and an additional pencil drawer. Top and drawers are pre-assembled. Also compatible with Standard Leg Options from Create a Table. Made of solid Alder hardwood.

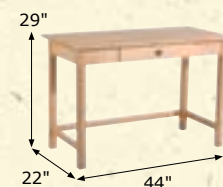

### Mission Writing Desk • 627W

Beautiful, comfortable and compact, this desk can fit into a small home office or into a bedroom as a homework station. This desk features a large desk top and drawer that come already assembled. Made of solid Alder hardwood.

### Modern Writing Desk • 327W

This sleek, open design can fit easily into a small home office or into a bedroom as a homework station. The large desk top and drawer come pre-assembled. Made of solid Alder hardwood.

## Mission Desk • 636W Desk Hutch • 637W

The Mission Desk features a large butcherblock top, drawer/keyboard tray, supply drawer, and tower storage. The drawers glide smoothly and the drawer fronts are accented with antiqued pewter pulls. The Desk Hutch has an abundance of storage space for papers, books, or mail, and is perfect for a small home office or as a homework station. Made of Alder and Birch hardwoods. All items sold separately.

## File Cabinet • 628W

This cabinet has been designed to accommodate standard letter size hanging files. Sturdy construction ensures years of use. Made of Alder and Birch hardwoods.

## File Cart • 638W

The File Cart accommodates letter-sized files and provides shelves for a printer, scanner, or other office accessories. Made of Alder and Birch hardwoods.

640W Computer Armoire

## Computer Armoire • 640W

This armoire is a beautiful space-saving solution for your home office. Features include a convenient fold-down table for extra work space and a large pencil-grooved keyboard tray to accommodate an ergonomic keyboard and mouse pad. Other features include a printer shelf that pulls out for easy access, a file drawer that holds both legal and letter size files, and two adjustable shelves. Made of solid Alder and Birch hardwoods.

## Kingston Office Chair • 689W

A beautiful desk chair with many features. Gas lift adjusts seat height which makes it easy for adults or children to work in comfort. Seat height is adjustable from 17 3/4"-21 1/4" and seat is scooped. Curved arms provide support, while the five star base ensures stability. The easy-roll casters work on most floors. Made of solid Alder hardwood.
